CITY COUNCIL  
ATLANTA, GEORGIA

00-R-0967

A RESOLUTION

BY COUNCILMEMBER CLAIR MULLER

A RESOLUTION ACKNOWLEDGING THE BENEFITS TO THE CITY OF ATLANTA OF THE PROPOSED HIGH-SPEED MAGNETIC LEVITATION TRAIN LINK BETWEEN ATLANTA AND CHATTANOOGA, AND SUPPORTING THE ATLANTA REGIONAL COMMISSION'S APPLICATION FOR FUNDING FOR THIS PROPOSED TRAIN LINK.

WHEREAS, the City of Atlanta acknowledges that traffic congestion, deteriorated air quality, and public mobility are current and growing concerns for the residents and visitors to Atlanta; and

WHEREAS, the proposed high-speed magnetic levitation train linking the airport facilities in Atlanta and Chattanooga with high density intermediate metropolitan areas, when implemented, will significantly contribute to the mitigation of the traffic, air quality, and mobility concerns, and;

WHEREAS, an Environmental Impact Study was made on a 4,000 foot wide corridor in downtown Atlanta for this project and the final alignment would be subject to community approval; and

WHEREAS, tunneling is available for this project in the downtown area of Atlanta in order to minimize the impact to Atlanta's neighborhoods; and

WHEREAS, the introduction of the magnetic levitation technology application to the region can materially contribute to the economic growth of Atlanta through increased jobs, economic redevelopment, and new industry; and

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ATLANTA, GEORGIA, as follows:

SECTION 1: That the City of Atlanta endorses and actively supports the plan to implement a high-speed magnetic levitation train link between Atlanta and Chattanooga; however, the final alignment would be subject to community approval.

SECTION 2: That the City of Atlanta supports the Atlanta Regional Commission's application for funding, and as available, agrees to commit the City's technical, political, and financial resources to the development of the proposed high-speed magnetic levitation train link between Atlanta and Chattanooga.

A true copy,

Deputy Clerk
